ETIQUETTE OF THE GAME OF GOLF

Members are asked to pay particular attention to the following paragraphs – they will add to the pleasure on the course of all concerned.

1. Check the Local Rules before you hit off.
2. Keep up with the group in front. If you fall one hole behind, you **must** call the following players through without request. Should players in front fail to call you through in these circumstances you should **request** to play through.
3. Do not walk ahead of someone still to play but aim to position yourself and select your clubs before it is your turn to play. On the putting green repair plug marks and study the line of your putt before it is your turn to play.
4. Consider pulling the bag of the last player on the tee forward immediately after the player has played their shot. This can help save time.
5. Watch other players' shots and if there appears to be a possibility of a ball being hard to find, mark its position carefully and discuss your view of the probable position as you walk forward with the player.
6. Play a provisional ball when there is a chance that the ball may be lost.
7. Call following players through if they are waiting and your ball is not immediately found. A player may search for his ball for **3 minutes** but waiting players must be called on to play through if it is your turn to play and your ball has not been found. Players who call through another match should, if convenient, play their next shot and walk forward

with the group called through. They should then not resume play until the players called through are out of range.

8. Finish putting out if you can without standing on another's line.
9. Pass the flagstick to another player before it is your turn to putt. There is no need for all players to stay near the hole while the last player finished putting. The player having the honour on the next tee should move towards the next tee and be ready to play.
10. Tell your marker clearly how many shots you took as you complete each hole. Never mark your card when it is your turn to play and do not hold up play by marking your card on the green.
11. Enter and leave bunkers at their low part and walk directly to your ball via the flat portion of the bunker. Smooth or rake all marks in a bunker and leave the rake in the centre parallel with the line of play.
12. **All** players **must** carry a sand bucket or dispenser and place sand in a divot mark.
13. Repair ball marks on the putting green, particularly your own, and repair spike damage after putting out.
14. Move briskly between shots and stay aware of your responsibilities to other players in the field.
15. If you are falling behind, you can progress much more quickly if the first player who finishes the hole hits off first at the next.

POLICY ON VISITORS AND INELIGIBLE MEMBERS PLAYING ON SATURDAYS

The timesheets will open as per normal (2 weeks prior) and will be restricted to those categories of members who are eligible for Saturdays.

Full members can access the timesheet at 5am 2 weeks prior.

CHECK-IN POLICY

All golfers that use the golf course must be booked in for their game on the Club's Booking Software.

All golfers on arrival **MUST** check in with the Golf Shop prior to teeing off on the course.

For members failing to either book in or check in prior to the game the following will apply:

1st occurrence – Member will receive a text message to notify them they have failed to book in or check in.

2nd occurrence – Member will be advised verbally of their failure and will be reminded of the policy.

3rd occurrence – Member will be referred to the Board of Directors.

Exceptional Circumstances – The Board may waive any breach in the case that the member has experienced exceptional circumstances.

LATE CANCELLATION AND NO SHOW POLICY

As a courtesy to fellow members and the professional staff who start the fields it is expected that when a member is unable to make their booking that they provide at least 90 minutes notice of their cancellation.

For members failing to show for their tee time or providing less than 90 minutes notice of their cancellation, within any 12 month period penalties will apply with the **full policy available in the members portal – policy library.**

While it is understood that members will make bookings for other members, it remains the individual member's responsibility to know their own bookings and cancel should they not be able to attend.

Please note - the holding of a place using a member's name who has no intention of playing and subsequently substituting another member, visitor or non-eligible person at the last minute is forbidden and penalties will apply.

MEMBERS GUEST POLICY

This policy provides guidance to the staff and members when a member brings a guest to the Club.

Definition

A Member's Guest is a visitor that plays with a member in the same group. A member may bring up to 3 Member's Guests (where timesheets permit) with them on any one day and they must remain with the Member throughout their round.

Additional visitors not playing in the same group as a Member's Guest will be charged at the **visitor's rate**.

Payment of fees

A Member's Guest will receive a discount on their green fees of 20% Off the Standard Rate.

Responsibility of the Member

The member must ensure that the Member's Guests adhere to the Club's policies including but not limited to course care, pace of play, dress standards and BYO alcohol.

CHILDREN ON THE GOLF COURSE POLICY

The Carbrook Golf Club is very encouraging of children within the club with members and visitors permitted to have their children accompany them on the golf course whilst they play. To ensure that the children are safe, and everyone enjoys their experience at the club members and visitors are asked to respect the following:

- Children 14 years and under must be supervised by an adult at all times when they are at the club.
- Children must remain safe and free from danger at all times
- Supervising/ Responsible adults must ensure that the children's behaviour is appropriate for a golf course
- The children's behaviour should not impact on the experience of others
- Children must in no circumstances drive or be in control of a motorised cart

Carbrook Golf Club values the safety of children. Should a member or guest be found not adhering to this policy they may face disciplinary action from the Board.

PACE OF PLAY POLICY

Due to extensive member feedback and in accordance with the Rules of Golf (Rule 6.7) this Pace of Play Policy has been established on the following principles:

- All players (not just the lowest marker) are responsible for the speed of play of their group
- All players are required to be on the tee 5 minutes prior to your tee time
- 4 hours and 20 minutes is the required **maximum** time for a group to complete 18 holes
- Over 4 hours and 30 minutes is an unacceptable period of time to complete 18 holes of golf

Therefore, penalties may be applied to the first group in a competition field that takes more than 4 hours and 30 minutes to complete their round of golf. The Match Committee will consider all contributing factors and may apply these penalties as follows:

1. On the first occasion each player may be sent a letter advising them of their first official warning for slow play.
2. On the second occasion in a 12 month period that player/s may be restricted to being able to only book in one of the last two tee times of the morning or afternoon fields for the following two week's of competitions.
3. On the third occasion in a 12 month period that player/s may be suspended from playing in a competition timeslot for one week.

STRATEGIES TO ACHIEVE A GOOD PACE OF PLAY

Strategies to assist players in achieving an acceptable Pace of Play include:

- Check-in at least 10 minutes prior to your tee time.
- Be on the tee 5 minutes prior to your tee time.
- Every player is responsible for the speed of play of their group.
- Always endeavour to keep up with the group in front of you.
- Move quickly between shots and be ready to play when it is your turn.
- If you are behind, abandon the “Honour” system and the furthest from the hole hits first rule and adopt the procedure where, if it can be done safely, the person who is ready hits, even if he is further up the fairway, **providing it is safe to do so**. On the tee, shorter hitters hit first. Longer hitters hit last.
- Play a provisional ball if there is some doubt to where your ball finished.
- Leave buggies on the side of the green nearest the access to the next tee.
- Line up your putt and get set to putt while other players are putting without breach of etiquette.
- Putt out whenever possible (except in matchplay).
- If you “have the honour” on the next tee, hit first and then mark your scorecard.
- Mark your scorecard on the next tee while others are teeing off.
- In other than Stroke competitions, pick up your ball when you cannot score.

- If you lose a ball and or fall behind, play your next few shots as soon as it is safe to do so.
- If asked to ‘catch-up” to the group in front by Club Official a group has 2 holes to achieve their correct position in the field.

Please follow these timing checkpoints during your round:

- (a) complete the first 6 holes in 1 hour 25 minutes
- (b) complete the front 9 holes in 2 hours 10 minutes
- (c) complete the first 15 holes in 3 hours 35 minutes
- (d) complete the 18 holes in 4 hours 20 minutes

Please do **not**:

- mark score cards on the green.
- take an excessive number of practice swings.
- replay putts.

GUIDELINES FOR THE SUSPENSION/CANCELLATION OF PLAY

INTRODUCTION

Situations will arise from time to time where weather conditions will make the golf course and practice facilities unusable on a temporary basis or for a more extended period of time.

The golf course would be considered unusable if:

- a. The surface of one or more putting greens are covered by sufficient surface water to as to make putting impractical.
- b. Continuous play on the golf course/practice facilities would cause unacceptable damage to the playing surfaces.
- c. Electrical storm activity (lightning) in the area is a potential danger to golfers.
- d. Player safety is compromised due to extreme heat in excess of 40 degrees Celcius

SUSPENSION OF PLAY

Play will be suspended if one or more of the conditions set out in paragraph 2 above applies but there is every likelihood that:

- a. Conditions will improve to the extent that the golf course/practice facilities are once again considered playable/usable, or
- b. The danger posed by electrical storm activity is no longer present.
- c. Suspension of play due to extreme heat (greater than 40

degrees) is optional for each player. Should they choose to suspend play they may recommence at a time where they feel the heat no longer poses a risk.

CANCELLATION OF PLAY

Cancellation of play is considered a last resort. Wherever possible play will be suspended until such time as conditions improve sufficiently for play to continue.

Where cancellation of play occurs on a competition day, the following will apply:

- a. Provided that at least 50% of those who started their round have completed their round at the time of cancellation, the competition of the day will stand.
- b. Those players who have commenced but not completed their round when play is cancelled will be awarded an NCR (approved) for handicapping purposes. The competition fee will not be refunded.
- c. Those players who have entered the competition but not commenced their round when play is cancelled will be awarded an NCR (approved) for handicapping purposes. On request their Competition Fee may be refunded/credited.

PROCEDURE FOR THE SUSPENSION OR CANCELLATION OF PLAY

The decision to suspend play will be made by the General Manager, Director of Golf or the most senior Professional Staff on site.

Suspension of play due to the course being unplayable (greens unusable), will be the result of a revised inspection and an

assessment of the likely duration of the prevailing conditions.

The procedure for dealing with electrical storm activity or extreme heat conditions normally involves a longer lead time and will require:

- a. Routine monitoring of weather forecasts for the local area to identify any storm activity which could pose a threat to those on the golf course.
- b. Timely advice to players on the golf course that extreme heat or electrical storm activity is approaching. That advice will be in the form of the warnings issued by the Queensland Bureau of Meteorology and will indicate:
 - Direction of approach of the storm system
 - Estimated time of arrival in the local area (information obtained from weather bureau sources)
 - Predicted temperatures for the day

Having received that advice **the decision as to whether to continue to play or not, rests with the individual**. It should be noted that a player who fears for their safety or health may discontinue play at any time and may leave the course or take cover prior to the Committee's official suspension.

PROCEDURE FOR RESUMPTION OF PLAY

Once the conditions which caused play to be suspended are no longer present and the golf course is considered suitable for play, an announcement to that effect will be made using the public address system and a siren will signal the resumption of play.

SIREN SIGNALS

Immediate Suspension of Play due to a dangerous situation:

1 long blast of the air raid siren & announcement over the PA System

Suspension of Play due to the course becoming unplayable:

Announcement over the PA system and advice to players on course

Resumption of play:

1 long blast of the air raid siren & announcement over the PA System

Members please note that

**No BYO.
We are a
licensed
establishment
only.**

MOTORISED VEHICLE POLICY

Motorised vehicles include golf carts, motorised scooters (2 and 4 wheel) and other vehicles that transport the golfer and their equipment.

The Board of Directors has a strong focus on the condition of the golf course and to continue the improvement of the playing surfaces it has developed this policy.

All users of a motorised vehicle, whether private or club owned, at Carbrook Golf Club must abide by these terms and conditions of use:

- Motorised vehicles **must** only be driven by someone who holds a current and valid driver's license
- Motorised vehicles **must** be driven with due care and attention at all times
- Motorised vehicles **must** remain at least 10 metres from all greens
- Motorised vehicles **must** remain on paths where provided
- Motorised vehicles **must** follow all directional signage where provided
- Passengers must be **seated** in an appropriate seat whilst the vehicle is in motion.
- The riding of a passenger outside of the vehicle is strictly prohibited to prevent injury or worse

Please note that multiple offenders of this policy will result in disciplinary action from the Board of Directors. Thank you for your co-operation.

BREACHES OF THE MOTORISED VEHICLE POLICY

Should a member or visitor to the club not adhere to this policy the following process will be followed:

1. **1st breach** – a friendly reminder of the policy by staff member. Photographic evidence may be kept as evidence.
2. **2nd breach** – after a second breach the member will receive a phone call from the General Manager re-iterating the Club's policy and followed up with an email.
3. **3rd breach** – following a third breach the member should expect to receive a letter requesting that the member meet with the Board of Directors to explain the reasons for their breaches of this policy. A penalty may be imposed.

SAFETY ON THE GOLF COURSE POLICY

Carbrook Golf Club should be a safe environment for all members, guests and visitors to enjoy at all times. It is vital that no one individual creates a situation that puts others in danger. By playing golf, it is accepted that there is a certain level of risk on being on a golf course. This risk is minimised when all golfers adhere to certain expectations.

These expectations include:

- Not hitting a shot when others are in range of your best shot plus a buffer zone to cater for variances in environmental factors such as wind
- Waiting for the group in front to clear the green and to ensure they are out of range before playing into the green
- If your ball is heading offline and is heading towards other golfers, you should call “Fore” at the earliest possible time to warn the players of potential danger
- When operating a motorised vehicle, you do not operate it recklessly and travel at the appropriate speed considering the surrounding environment including people
- When taking a swing ensure that others are not within a proximity that would put them in danger of your club or the ball flight
- Generally taking care to ensure you do not put others in any unnecessary danger.

While you may accidentally or inadvertently put others at risk of harm, you have a responsibility to follow these expectations.

Failure to adhere to this policy

Should a member, guest or visitor to our Club be found to have put others at risk on purpose or without taking due care, the Board of Directors may choose to impose a penalty depending on the seriousness of the act.

Should an act be deemed serious enough a penalty of suspension may be imposed. Repeated acts may result in termination of membership.

Reacting to an incident

Should a member, guest of a member or visitor to our Club be put in danger by another golfer either accidentally or on purpose, the affected member must not retaliate by acting in such a way that is inflammatory. They should report the situation to the Club's staff so that the situation can be handled appropriately.

The act of hitting another person's golf ball away, or back at the owner of the ball, or confronting an individual is considered inflammatory and must be avoided.

A member who acts inflammatory may be subject to disciplinary action from the Board of Directors.

GOLF COMPETITIONS AND HOW THEY ARE PLAYED

These notes are only intended to assist in the general concept of how various competitions are played.

STROKE (Medal)

The score at each hole is entered on the scorecard, totalled and the player's full handicap deducted. The player who completes the stipulated round in the fewest nett strokes will be the winner.

PAR

In Par play the score is entered on the card in the same way as in stroke play with the exception that where the score exceeds par for the hole, after allowing the handicap stroke (if the player is in receipt of one) the score need not be written in. It is the custom that when a player is beaten by Par, the ball shall be picked up. This helps speed up play.

After entering the stroke score on the card, the nett result is marked in the column provided with "+" sign for a win, a "0" for a half and "-" for a loss. At the end of the round the plus and minus signs are added and the nett result written in as so many "up", "down" or "all square".

STABLEFORD

This system of scoring by points was introduced by Dr. Stableford of the Liverpool Golf Club in 1931 and has become very popular.

The popular method of playing a Stableford competition is for the player to take strokes at holes in a Par competition using

handicap and to score points on the nett result at each hole. At the end of the round all points scored are added up and the player having the highest number of points is the winner.

In scoring, after allowing for handicaps, a player who scores par receives 2 points for 1 over par – 1 point for a birdie or 1 under par – 3 points for an eagle or 2 under par – 4 points, and so on. For example, a player receiving a stroke on par 4 holes scores 4 giving him a nett 3 for this he receives 3 points. A player at a par 3 hole scores a 4 but does not receive a stroke, for this he would receive 1 point.

FOUR BALL STABLEFORD

Played in exactly the same manner as above except that the better ball of the partnership will be credited with points instead of plus, half or minus.

FOURSOMES

Two players play as partners and use one ball. The partners play alternately from the tee and thereafter play alternately during the play at each hole. Scoring is done as for a stroke round and the total is subject to a deduction of half of the partners' aggregate handicaps.

NOTE: If either player incurs a penalty stroke it does not alter the rotation of play. In a foursome stroke play competition, which consists of more than one stipulated round (eg 27 holes) the order of play will be changed between rounds (eg if player A played from the odd holes in round 1, they would play from the even holes in round 2).

MIXED FOURSOMES

Mixed foursomes are played in the same manner as foursomes except that the ladies use their own tees and observe their own local rules when it is their turn to play.

CANADIAN FOURSOMES

Both players tee off. The team will then decide on the best located ball and they will play alternate strokes from that point until the ball is holed.

AMERICAN FOURSOMES (Pinehurst Foursomes)

Both players play tee shots at each hole, then a second stroke with their partner's ball. One ball is then selected and play proceeds as in foursomes with the owner of the ball selected playing the third stroke. Handicap allowance is $\frac{1}{2}$ of aggregated stroke handicap for stroke competitions.

ECLECTIC

Competitors play two or more rounds and the eclectic score is the lowest score obtained at each hole on the rounds. Sometimes the competition extends over the whole season and the total score for the holes is subject to deduction of $\frac{3}{4}$ the player's handicap held on the first day of competition.

4 BALL AMBROSE

TEE SHOTS

EACH player must use at least **2** of their tee shots, the scorer must RECORD on each hole whose tee shot was used.

ON THE FAIRWAY

- The selected ball should be marked
- Other balls PLACED within one club length of the selected ball, no nearer to the hole
- Any order of play

OFF THE FAIRWAY

- The selected ball should be marked
- Other balls PLACED within one club length of the selected ball, no nearer to the hole
- **And played from the SAME CONDITIONS as the selected ball i.e. hazard, rough, bunker**
- Any order of play

ON THE PUTTING GREEN

- The selected ball should be MARKED
- Other balls to be putted from the same location
- In the interests of speeding up play any player may tap in to obtain the optimum score. Other players may then putt only while there is an opportunity to better the score.

4 BALL GENTSOMES AMBROSE RULES

Modified Ambrose/ Best 3 out of 4 Stableford

1. All players hit the ball from the Tee. As in a normal Ambrose event, the best ball is selected. All players **place** their ball within **1 club length** of where the original ball lay. If the chosen ball is in the rough or a hazard, then the other balls are to be placed in the same condition.
2. If the selected drive is on the putting green (eg Par 3s) then the players must **place** their balls within **one card length** of the selected drive.
3. From this point on, all players play out the hole as per a normal individual Stableford round.
4. A **minimum** of 3 drives per player must be taken and a **maximum** of 6 per player (mark card in "Drives Column" to identify selected drive).
5. At the completion of **each hole**, the aggregate of the best 3 out of 4 Stableford scores of each hole are recorded which gives you a team score for each hole. Individual scores can be recorded in the "Other Information" column but are not compulsory.
6. For groups of 3, they will have a virtual fourth golfer who contributes 2 points per hole.
7. The team with the most number of points is the winner.

2 BALL AMBROSE RULES

EACH player must use at least **6** of their tee shots, the scorecard should denote each hole whose tee shot was used.
